

# Days of CREATION

**Directions:** Read each story-box then draw and color the things mentioned that God created (story-boxes are not in order). When finished drawing the things created in each story-box, cut out all the story-boxes and the day squares. Use glue or double sided tape to attach the correct day square to the correct story-box. Put all the story-boxes in order then stable them together to make a creation booklet that will help you remember the things and order of God's amazing work!

Parents/Teachers: A good idea would be to go over the story with the children prior to this activity. You may also have them begin the activity then once they have completed their drawings, have them listen to the story and try to determine for themselves what day square goes where (guiding as necessary).

God created **dry land** by forming continents and islands. He called the large bodies of water **seas** and the ground He called land. God declares that it is good. God created all the living **plants** both big and small. These plants have the ability to reproduce themselves. God created many kinds of plants. God declares that this too is good. **Genesis 1:9-13.**

Place correct  
day here

God created **every living thing that lives in the water.** God also created all the **birds.** Both the living things in the water and the birds were given the ability to reproduce themselves. God blessed these creatures and declared His work is good. **Genesis 1:20-23**

Place correct  
day here.

In the beginning of creation, God made **space** and **earth**. The earth had no land and was only water. It was very dark on earth. God said "let there be light" and light came into existence. God separated the light from the darkness. He called the light **day** and the darkness He called **night**. All of this happened in one day! **Genesis 1:1-5**

Place correct  
day here

God rested on this day. Not because He was tired but because He had finished His **work of creation**. God wants man to follow His pattern of resting on one day out of seven. **Genesis 2:1-3**

Place correct  
day here.

God created all **stars** and **things in space**. He made two great things in space. First He made the **sun** which is the source of light for earth then He made the **moon** which reflects the light from the sun. The way God's creations will move in space will create time and separate day time from night time. God declared that this is good. **Genesis 1:14-19**

Place correct  
day here

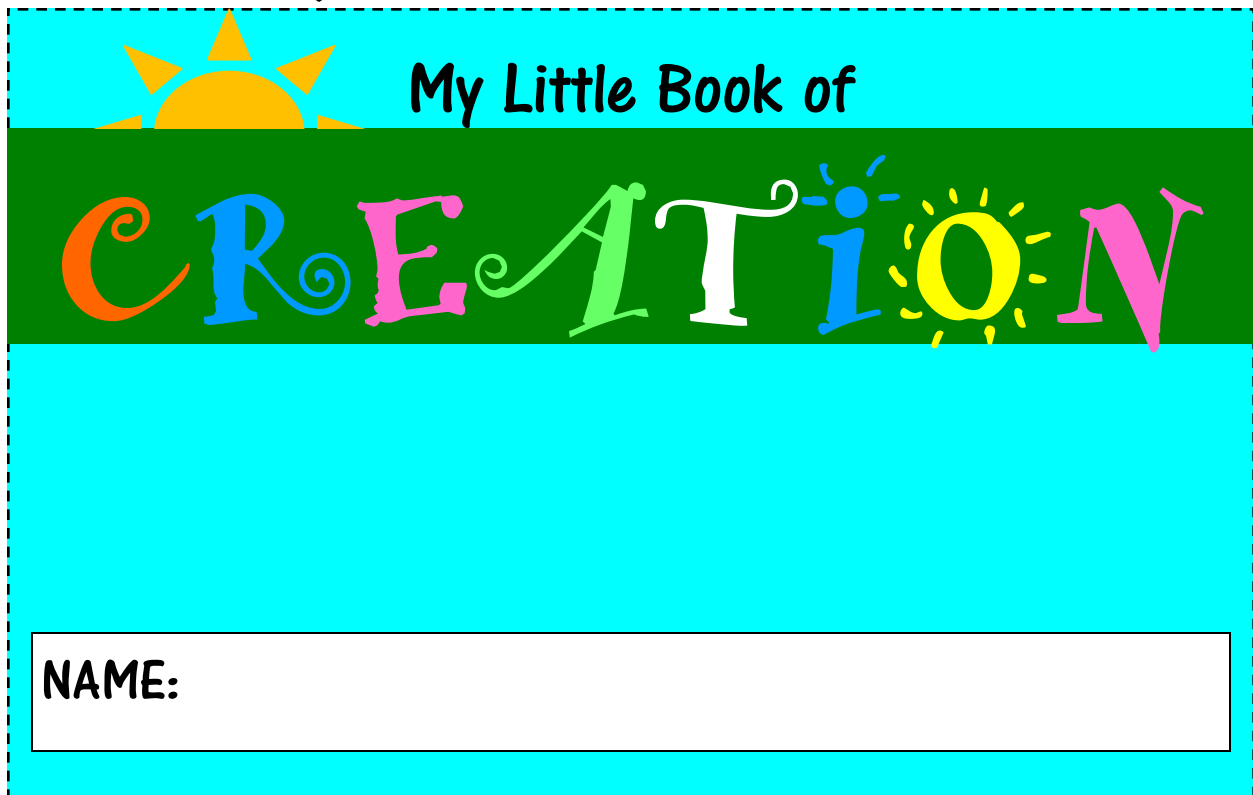

God created **all other creatures that live on land including man**. God created man to be special above all other creatures. God blessed man and commanded him to reproduce, fill the earth and have authority over it. God commanded that man and all other creatures must only eat plants. God declares His work is very good. **Genesis 1:24-31**.

Place correct  
day here.

God created the **sky** and the sky separated the water on the surface of the earth from the moisture in the air. The earth now had an atmosphere! This all happened in one day.  
**Genesis 1:6-8**

## ANSWER KEY

In the beginning of creation, God made space and earth. The earth had no land and was only water. It was very dark on earth. God said "let there be light" and light came into existence. God separated the light from the darkness. He called the light day and the darkness He called night. All of this happened in one day! **Genesis 1:1-5**

Day  
1

God created the sky and the sky separated the water on the surface of the earth from the moisture in the air. The earth now had an atmosphere! This all happened in one day. **Genesis 1:6-8**

Day  
2

God created dry land by forming continents and islands. He called the large bodies of water seas and the ground He called land. God declares that it is good. God created all the living plants both big and small. These plants have the ability to reproduce themselves. God created many kinds of plants. God declares that this too is good. **Genesis 1:9-13.**

Day  
3

God created all stars and things in space. He made two great things in space. First He made the sun which is the source of light for earth then He made the moon which reflects the light from the sun. The way God's creations will move in space will create time and separate day time from night time. God declared that this is good. **Genesis 1:14-19**

Day  
4

God created every living thing that lives in the water. God also created all the birds. Both the living things in the water and the birds were given the ability to reproduce themselves. God blessed these creatures and declared His work is good. **Genesis 1:20-23**

Day  
5

God created all other creatures that live on land including man. God created man to be special above all other creatures. God blessed man and commanded him to reproduce, fill the earth and have authority over it. God commanded that man and all other creatures must only eat plants. God declares His work is very good. **Genesis 1:24-31.**

Day  
6

God rested on this day. Not because He was tired but because He had finished His work of creation. God wants man to follow His pattern of resting on one day out of seven. **Genesis 2:1-3**

Day  
7
